Pratt Institute

2021-2025

3.99 GPA
Dean's List 2021-current

Musashino Art University

August 2023 - December 2023

Student Exchange Program

SUMMARY

I am a passionate and detail-oriented 3D animator whose illustrative flair captivates and inspires. Currently a senior at Pratt Institute, I am pursuing a BFA in 3D Animation & Motion Arts. I completed a study abroad program at Musashino Art University, where I honed my expertise in art and design while gaining valuable international experience. Proficient in Maya and the Adobe Creative Suite, I excel at breathing life into characters. I am proud to have received the Burrel and Frances Craver Scholarship in both my sophomore and junior years. My strong collaborative skills make me a valuable asset to any creative team.

WORK EXPERIENCE

Visual Effects Intern

Open the Portal May 2024 - present

- Improved roto-masking for character rigs in After Effects
- Used keying to separate background from characters in stop motion footage

Profile Illustrator

Edelman Financial Engines June 2022 - July 2022

- Commissioned by EFE for client project to be solely responsible for designing a series of retirement profile, 2D vector, illustrations depicting different age ranges

Label Designer

Bonn Place Brewing Company May 2021 - June 2021

- Commissioned to design beer label, "Bianca Bianca", after Romulus and Remus mythology to combine Italian and local Bethlehem imagery
- Obtained approval of concepts by submitting rough drafts to management
- Planned project concepts by researching and studying information

Logo Designer

Your Next Favorite Band May 2022 - June 2022

- Used Illustrator to create 2D vector logo
- Created digital image files for use in digital and traditional printing methods
